Braille reads:

c e t r a b e n
 b a t h a d d i t i v e

Braille Warning! Cirrus cannot accept responsibility for any errors in this proof after approval by the customer.

Whilst extreme care is taken in the setting of Braille, the customer must take the final responsibility for its accuracy.

There is no single European Braille authority and there are many different Braille formats in existence, with country specific characters.

This Braille is set to the Marburg Medium format unless you have requested otherwise.

When you sign this proof you are signifying full approval of the Braille text and specification.

Fire hazard. Do not smoke or go near naked flames; clothing and bedding with this product dried on them can catch fire easily.

Directions: For external use only. Cetraben Bath Additive should be added to a warm water bath or applied to WET skin before showering. If you accidentally swallow this product, go to your nearest accident and emergency department.

Children and adults: Squeeze the bottle to fill the measure. Any excess will be sucked back into the bottle. Add one measure for every 10cm depth of bath water. In a baby bath, add a few drops until the water turns milky.

Precautions: Do not use if you are allergic to any of the ingredients. Mild skin reactions have been seen very rarely. This product makes skin and surfaces slippery. Take care not to slip when entering or leaving the bath. Avoid contact with the eyes. If product comes into contact with eyes, wash out with water.

Do not smoke or go near naked flames - risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.

Reporting of side effects: If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard or search for 'MHRA Yellow Card' in the Google Play or Apple App Store. By reporting side effects you can help provide more information on the safety of this medicine.

Keep out of the sight and reach of children. Do not store above 25°C. Do not use after expiry date.
