**CanesOasis® Cystitis Relief**  
4g Granules for Oral Solution

**HOW TO TAKE:**  
Dissolve the contents of each sachet in a glass of water (200 ml) and drink straight away.

**DOSAGE**  
Adult women: Take the contents of one sachet three times a day for two days.

This medicine is not to be used by men or children.

Do not exceed the stated dose.

**WARNINGS**  
For the relief of the symptoms of CanesOasis Cystitis Relief 4g Granules for Oral Solution  
Cystitis is an inflammation of the bladder, which causes painful irritation and an unpleasant burning sensation when passing water. This medicine provides relief by making the urine less acidic.

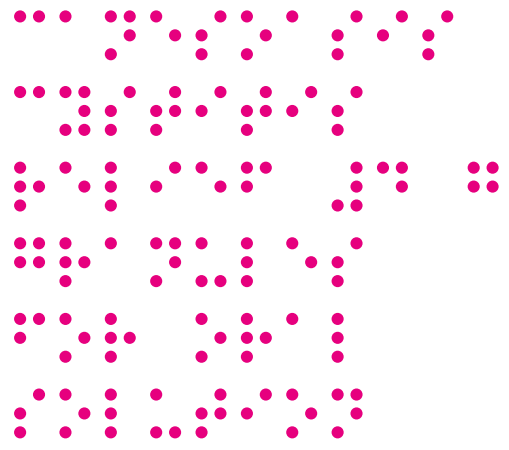

If symptoms persist after the two day course is completed, consult your doctor or pharmacist. Do not repeat the treatment without medical advice.  
Do not take if you are pregnant or breastfeeding.

Keep all medicines out of the sight and reach of children.  
Store below 25°C in a dry place.  
Do not take this medicine after the expiry date shown on the pack.

**Ingredients:**  
Each 5.6g sachet contains sodium citrate dihydrate 4.0g. Also contains: Sucrose (sugar) and sodium - see the leaflet for more details.

Please read the enclosed leaflet carefully before use.
