**Possible side effects are:**

- Inflammation and formation of lumps.
- Prolonged use may cause paraffin to leak from the anus. This may irritate the area.
- Accidentally breathing in liquid paraffin may cause congestion of the lungs.

If you notice these or any other side effects, stop use and tell your doctor or pharmacist. They will tell you what to do.

**Reporting of side effects**  
If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at: [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard)  
By reporting side effects you can help provide more information on the safety of this medicine.

**3. Further information**  
**If you accidentally take too much** see a doctor straight away. Take the pack with you to show which medicine you have swallowed.

- Do not use after the expiry date. The expiry date refers to the last day of that month.
- Return any unused medicine to the pharmacy for disposal.

**The active ingredient is:** liquid paraffin 100% v/v. There are no other ingredients.

**What the medicine looks like**
