Calamine and Zinc Oxide

⊕ Soothing
protective
lotion

200ml

About this product

Numark Calamine Lotion BP is applied to the skin to relieve minor irritation and sunburn.

Directions for use

Liquid for topical use.
Shake the bottle thoroughly before use.

Adults and children: Apply to the affected area with cotton wool.

If you accidentally swallow Numark Calamine Lotion it should not cause any problems, but if you notice anything consult your doctor or pharmacist.

Warnings

For external use only.

Do not use if you are allergic to any of the ingredients with symptoms of itching, rashes or difficulty breathing.
Do not use on broken skin.

Avoid contact with the eyes, digestive cavities, genital tract and other sensitive parts of the body.

Ask your doctor before use if having an x-ray, as the product may mask the x-ray picture.

Side effects

If you have an allergic reaction or notice any other side effects discontinue use.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the label.

You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard.

By reporting side effects you can help provide more information on the safety of this medicine.

Active ingredients

Calamine 15% w/v and Zinc Oxide 5% w/v.

Other ingredients

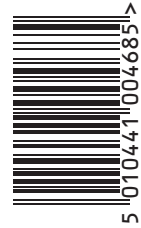

Bentonite E558, Sodium Citrate E331, Phenol, Glycerol E422 and Purified Water.
