

Vicks VapoRub ointment

Camphor 5% w/w, Turpentine oil 5% w/w,
Levomenthol 2.75% w/w, Eucalyptus oil 1.5% w/w

Patient information leaflet

In this leaflet:

1. What Vicks VapoRub is and what it is used for
2. Before you use Vicks VapoRub
3. How to use Vicks VapoRub
4. Possible side effects
5. How to store Vicks VapoRub
6. Further information

Read all of this leaflet carefully because it contains important information for you.

This medicine is available without prescription. However, you still need to use Vicks VapoRub carefully to get the best results from it.

- **Keep this leaflet.** You may need to read it again.
- Ask your pharmacist if you need more information or advice.
- If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. See section 4.
- You must contact a doctor if your symptoms worsen or do not improve.

1. What Vicks VapoRub is and what it is used for

Vicks VapoRub is an ointment which is used to relieve nasal catarrh (inflammation of mucous membranes in the nose and throat), congestion (a blocked nose), sore throat and coughs due to colds. Vicks VapoRub contains four active ingredients: Camphor, Turpentine oil, Levomenthol and Eucalyptus oil.

- Levomenthol and camphor calm a cough
- Eucalyptus oil and Levomenthol relieve nasal congestion (blocked nose)
- Eucalyptus oil relieves catarrh

2. Before you use Vicks VapoRub

Do not use Vicks VapoRub:

- if you are allergic to any of the actives or other ingredients (see section 6)
- on children under 2 years
- as an inhalation for children under 12 years
- on broken skin, wounds or mucous membranes
- swallow or apply directly onto the nostrils, eyes, mouth or face

Do not bandage tightly.

Do not use with heat wrap.

Take special care with Vicks VapoRub

Talk to your doctor or pharmacist before taking this medicine if you:

- have a history of airway disease or asthma

Pregnancy and breast-feeding

If you are pregnant, ask your doctor or pharmacist for advice before using Vicks VapoRub. Vicks VapoRub should not be used on the mother's chest during breast-feeding as there is a very low chance that the baby's breathing may be affected. →

3. How to use Vicks VapoRub

Adults:

- Rub Vicks VapoRub liberally on the chest, throat and back
- Cover whole area for maximum effect
- Leave nightclothes loose to allow vapours to be inhaled easily.

Or

Adults:

- Place hot (not boiling) water in a suitable bowl for inhalation
- Melt two teaspoons of VapoRub into the bowl of hot water
- Keep sufficient distance from mixture in bowl to avoid burning of the face due to hot vapours
- Inhale the medicated vapours for 10-15 minutes.
- **Caution:** never re-heat the mixture or heat VapoRub in a microwave

Children: over 2 years of age

- Apply Vicks VapoRub lightly to the chest and back
- Rub in gently
- Leave clothes loose to allow vapours to be inhaled easily.

• Vicks VapoRub is for external use only

• **In the case of accidental swallowing of Vicks VapoRub by a child, it is important to consult a physician without delay who can provide any necessary treatment. Do not try to induce vomiting.**

• **If symptoms persist or in case of fever, consult your doctor or pharmacist.**

4. Possible side effects

Like all medicines, Vicks VapoRub can cause side effects, although not everyone gets them.

Redness or irritation of the skin, irritation of the eyes (by inhalation) or allergic reactions can occur. These are usually mild and occur rarely.

Burns at application site may occur but the frequency is not known.

• Reporting of side effects

If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. You can also report side effects directly (see details below).

United Kingdom: via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard

Malta: ADR Reporting www.medicinesauthority.gov.mt/adportal

By reporting side effects you can help provide more information on the safety of this medicine.

5. How to store Vicks VapoRub

Keep out of the reach and sight of children.

Do not store above 25°C.

Do not use Vicks VapoRub after the expiry date which is printed on the jar or carton. The expiry date refers to the last day of the month stated.
